
Job description- Product Specialist

Are you looking to make a difference while working in the Green Industry? Agresource Inc. has been providing compost and beneficial use related products and services in the Northeast since 1984 and has continued to be a resource for our customers through the manufacturing of compost and engineered soil products. These products are supporting a diverse range of customers across the landscape construction, ecological restoration, and turf management disciplines.

We are currently seeking the right candidate to join our team as a **Product Specialist**. In this role you will work with the Director of Product Sales to support, grow, and maintain a diverse existing customer base while continuing to develop new business opportunities in this outside sales-based role.

Our offices are based in Rowley, MA, however, candidates will have the ability to work remote. Daily regional travel to customers in Southeastern MA, RI, and CT is required with occasional overnight travel for industry related tradeshow.

We offer a base salary, annual bonuses, retirement plan, company vehicle, medical, personal time off, paid holidays, training, and a team based approach and atmosphere.

Product Specialist Requirements:

- Experience with business development/sales within the green industry or desire to learn
- Self-Motivated with time management and organization skills
- Ability to work independently and as part of a team
- Experience reading project plans and specifications

Salary:

50-60K

Job Type: Full-time

50-60K per year
